Gentlemen

Enclosed please find a copy of the *1998 Third Quarter RFCA Groundwater Monitoring Report for Rocky Flats Environmental Technology Site*. This report contains an evaluation of third quarter 1998 groundwater analytical data using the Rocky Flats Cleanup Agreement (RFCA) groundwater action level criteria as described in the 1998 version of the *Integrated Monitoring Plan*.

The report satisfies the quarterly reporting requirements of RFCA attachment 5, Action Level Framework, for sitewide groundwater monitoring. Per mutual arrangement between the Rocky Flats Field Office, Kaiser-Hill, and your staff, this report was disseminated to the public at the February 23, 1999, quarterly state exchange meeting (fiscal year 1999 milestone date) and is being formally transmitted to your organizations now.

If you should have any questions regarding this report, please contact me at (303) 966-5918 or Norma I Castaneda at (303) 966-4226.

Sincerely,

Joseph A. Legare
